

**CITY OF LOS ANGELES**  
**INTER-DEPARTMENTAL CORRESPONDENCE**

**DATE:** June 29, 2010

**TO:** Honorable Bill Rosendahl  
Councilmember, Eleventh Council District

**FROM:**  William A. Robertson, Director  
Bureau of Street Services

**SUBJECT: LANDSCAPED MEDIAN ISLAND MAINTENANCE**

As a result of the adopted 2010-2011 budget, the Bureau of Street Services' Landscape Maintenance Program has been eliminated.

There are landscaped median islands within your council district that are currently maintained by non-City forces contracted by the City. However, on occasions, Bureau landscape maintenance crews have provided additional maintenance services that augmented these contracted services.

Due to the afore-mentioned program elimination, effective July 1, 2010, the Bureau will no longer be able to provide any landscaped median island maintenance. Nevertheless, the Bureau will continue to provide contract inspection and oversight.

Your understanding is highly appreciated and if you have any questions, please contact me or Nazario Saucedo, Assistant Director, at (213) 847-3333.
